Efficient and Powerful

36" Adjustable Friction Arm
No pinch hazards
No Springs

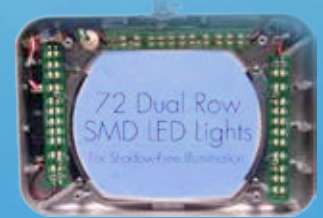

Touch-Sensitive Brightness Control

Beautifully Designed
ESD Safe Aluminium Construction

Fully Rotatable Lamp Head

7 Inch/ 5 Diopter Lens
2.25x Magnification

Dual-Row, 72 Energy-Efficient LED Lights

Heavy-Duty Mounting Clamp

The innovative Mighty Vue Deluxe LED Magnifying lamp from Aven is the new standard in inspection lighting. This durable aluminum design features a large 7 inch, 5 diopter glass lens for crystal clear, distortion-free viewing. This deluxe lamp also includes dual-row 72 energy-efficient LED lights for shadow-free illumination.

The 36" adjustable friction arm provides a large working range. Simply set your lamp position and lock it in. No springs, no exposed wires and no pinching hazards. The lamp head rotates in any direction to suit your inspection needs, and the convenient touch-sensitive dimmer control offers 5 brightness settings.
